FOR THE CURE OF

OR CHILLS ANDVER.

THE proprietor of this celebrated medicine instly claims for it a superiority over all remedies ever offered to the public for the sept, extran, speedy and personner over of Agric and Paver, or Chills and Fever whether of short or long standing. He refers to the entire Western and Southwestern country to bear him testimony to the truth of the assertion, that in no case whatever will it fail to cure, if the directions are strictly tollowed and carried out. In a great many cases a single dose has been sufficient for a cure, and whole families have been cured by a single bottle, with a perfect restoration of the general health. It is, however, proulent, and in every case twore certain to cure, if its use is continued its smaller doses for a week or two after the disease has been checked, more especially in difficult and long standing cases. Usually, this medicine will not require any aid to keep the lowels in good order; should the patient however, require a catharite medicine, after having taken three or four deses of the Tonjo, a single dose of THE proprietor of this celebrated medicine justly three or four doses of the Tonio, a single dose of Bull's Vegetable Family Pills will be suff-

To My United States and World-Wide Readers:

HAVE received many testimonials from profes alonal and medical men, as my almanaes and various publications have shown, all of which are ground. The following from a highly educated and popular physician in Georgia, is certainly one of the most sensible communications. I have ever received. Dr. Clement knows exactly what he speaks of, and his testimony deserves to be written in letters of gold. Hear what the Euclor says of built's Worm Deserves.

Villanow, Walker County, Ga., June 29, 1866. Dr. Jone Bune—Dear Sir: I have recently given your "Warm Lestroyer" several trials, and fail it wenderfully efficacious. It has not failed in a single instance to have the wished-for effect. I am doing a pretty large county practice, and have daily use for some arricle of the kind. I am free to confess that I know of no remedy recommended by the ablest authorities that is so certain and speedy in its effects. On the contrary, they are uncertain in the extreme, My object in writing you is to find out upon what terms I can get it upon easy terms, I shall use a great deal of it, I am aware that the itself that use a great deal of it, I am aware that the itself such articles is contrary to the teachings and practice of a great importsy of the regular line discarding a remedy which we know to be sufficient, simply because we may be ignorant of its combination. For my part, I shall make it a sule to use all and every means to alleviate suffering humanity which I may be able to command—not heathing because some one more ingenious than my self have learned its effects first, and secured the sole right to secure that knewledge. However, I am by no means an advecate or supporter of the thousand of earthlies notifiers that flood the county, that purport to rure all manner of diseases to which feeth is hely.
